the following

Mission Statement of the European Graduate School (EGS)

Dated December 20th, 2021

“The mission of the European Graduate School is to play a leading role in cross-disciplinary inquiry and exchange. It undertakes this mission with forms of teaching and research that explore, at the highest levels, the grounds and the potential of creative practices, scientific understanding, and critical thought.

The European Graduate School seeks to build a world-wide intellectual community that is profoundly diverse, yet shares a common commitment to academic freedom, creative discovery, and the promotion of study that is socially meaningful and attentive to global needs and concerns.”
